

von Willebrand Disease Testing

[Click here for topics associated with this algorithm](#)

Test Key

- VWF:Ag – von Willebrand Factor Antigen
- VWF:RCo – von Willebrand Factor Activity (Ristocetin Cofactor)
- FVIII – Factor VIII, Activity
- RIPA – Ristocetin-induced Platelet Aggregation
- VWF:FVIII binding – von Willebrand Factor:VIII Binding
- RCo:Ag ratio – ratio von Willebrand Factor Activity (Ristocetin Cofactor) to von Willebrand Factor Antigen
